General Terms & Conditions for Exhibitions and Events of agra Veranstaltungen GmbH

1. Basis of the contract

Organizer:
agra Veranstaltungen GmbH
Friedrich-Ebert-Str. 26, 04416 Markkleeberg
Tel.: +49/ 341-98972-100, Fax: +49/ 341-98972-185
E-Mail: post@agra-messe.de
Internet: <https://www.agra-veranstaltungen.de/>

Agra Veranstaltungen GmbH as organizer is the sole contractual partner of the exhibitor.

The General Terms & Conditions for exhibitions and events, the product index, the Technical Regulations of the exhibition or event, the respective list of Prices and Services, the Dates & Timelines overview as well as other terms and conditions shall form an integral part of the Exhibitor Contract if they are expressly included as an integral part of the contract by agra Veranstaltungen GmbH. General terms and conditions and other conditions of the Exhibitor shall be excluded as an integral part of the contract.

Before sending the application, the exhibitor shall be given the opportunity to take note of the contractual elements in a suitable manner. By sending the application, the Exhibitor accepts the elements of the contract in a legally binding manner. He commits himself to inform the personnel he employs, his service providers and co-exhibitors of the content of the contractual basis and of the obligation to comply with it.

The contractual relationships between exhibitors and agra Veranstaltungen GmbH are governed by the aforementioned contractual basis. Furthermore, the provisions for services provided in the exhibitor service portal or otherwise, as well as the important information for exhibitors become integral parts of the contract. Unilateral reservations or conditions in connection with the application will not be considered. Any additional agreements must be in writing.

If the purchase of the exhibition stand and the exhibitor deviate from each other, the exhibitor shall always be the contractual partner of agra Veranstaltungen GmbH.

Agra Veranstaltungen GmbH is represented by the exhibition management in dealings with the exhibitors.

In the event of infringements of the basis of contract, agra Veranstaltungen GmbH shall be entitled to take measures it deems appropriate and, if necessary, to exclude the infringing party from the exhibition or event without any period of notice.

2. Place, duration of the exhibition or event, opening hours

Details of the exhibition or event, such as the venue, duration, opening hours, set-up and dismantling times can be found in the "Dates & Timelines" overview.

2.1. Stand staffing during opening hours

The exhibitor is obliged to keep his stand staffed during the opening hours of the exhibition or event and not to clear it before the official end of the exhibition.

2.2. Early stand construction ahead of schedule

Early stand construction ahead of schedule is only possible after examination and approval by the exhibition management. Early set-up is subject to a fee (section 7.8.).

2.3. Completion of construction

Until the end of the buildup period shown in each case, the stands must be fully prepared and occupied with the registered exhibits.

2.4. Start of dismantling

The dismantling of the exhibition stands may not take place before the respective designated time.

3. Registration and conclusion of contract

3.1. Registration

The Exhibitor declares his wish to participate in an exhibition or event by submitting a declaration of participation. The Exhibitor makes this declaration by registering for the exhibition or event of his choice. Registration for an exhibition or other event shall be effected by ordering a stand electronically in the Exhibitor Service Portal on the Internet pages provided for the exhibition or event in question, or in writing by completing, signing and returning the forms provided for the event in question. Access to the Exhibitor-Service-Portal and thus the possibility to order exhibition space and other services is granted to the Exhibitor after registration in the Portal and subsequent allocation of a personalized access (login data). A separate registration must be made for each stand. Only truthful and complete registrations will be considered in the further planning process. The registration constitutes an irrevocable offer of contract to Agra Veranstaltungen GmbH, to which the Exhibitor is bound until receipt of the stand confirmation or rejection. After submitting the application, the Exhibitor will receive a confirmation of receipt (e.g. by e-mail or post). This merely documents the receipt by Agra Veranstaltungen GmbH of the offer submitted by the Exhibitor and does not yet constitute acceptance of the offer. Offers are not accepted until the stand is confirmed (see section 3.6.). The Exhibitor has no claim to participate in an exhibition or event.

3.2. Placement request

Placement requests made at the time of registration will be taken into consideration as far as possible, but are not binding for Agra Veranstaltungen GmbH.

3.3. Consent to electronic communication and change of contact details

Insofar as the Exhibitor's orders are placed via the Exhibitor Service Portal, the Exhibitor agrees that further communication between the Exhibitor and Agra Veranstaltungen GmbH and in particular the provision of important contractual documents (e.g. stand confirmations, invoices, notifications of changes) shall be carried out exclusively by electronic means, in particular via the e-mail address stored by the Exhibitor in the Exhibitor Service Portal.

The Exhibitor agrees that he may receive all invoices or credit notes via the Exhibitor-Service-Portal, unless the Exhibitor objects to this form of receipt in writing.

The Exhibitor shall ensure that his contact details are always up to date and that his technical means of communication can guarantee access to messages and other communications at all times.

In the case of written registrations, the Exhibitor shall be obliged to notify Agra Veranstaltungen GmbH immediately of any changes in his contact data.

3.4. Focus of the exhibition and sales goods

The Exhibitor shall indicate in his application to which group of the product index his exhibition and sales goods belong or where his focus is. Stand allocation shall be based on this information.

3.5. Size of the exhibition area

The smallest exhibition area is regulated in the List of Prices and Services. The size of the individual exhibition areas and their arrangement and location shall be determined by Agra Veranstaltungen GmbH.

3.6. Conclusion of contract

The contract with the Exhibitor shall come into effect after the Exhibitor's registration upon receipt of the stand confirmation sent by Agra Veranstaltungen GmbH. The stand confirmation constitutes acceptance of the offer submitted by the Exhibitor (section 3.1.) and

shall be sent to the Exhibitor by e-mail to the e-mail address specified by him in the registration process in the Exhibitor Service Portal. If the registration was not made via the Exhibitor-Service-Portal (e.g. by means of registration forms), the contract is concluded upon receipt of the stand confirmation sent by other means (e.g. by letter, by email or fax).

The Exhibitor shall be deemed to have received the stand confirmation when it has arrived in his e-mail box or when it has been delivered by other means (e.g. by placing it in the letterbox). The Exhibitor shall ensure that the electronic or other incoming mail is checked regularly and that e-mails or documents of Agra Veranstaltungen GmbH transmitted in any other way can always be received. The exhibitor has no right to participate in a trade fair or event.

3.7. Checking the stand confirmation

The Exhibitor shall be required to carefully check the stand confirmation upon receipt. If the content of the stand confirmation differs insignificantly from the content of the Exhibitor's registration, the contract shall be concluded in accordance with the stand confirmation. In the event of more than insignificant deviations, the contract shall only come into effect in accordance with the stand confirmation if the exhibitor does not object in text form (e.g. by e-mail, fax or letter) within 14 days of receipt of the stand confirmation.

3.8. Deviation from the stand confirmation

Agra Veranstaltungen GmbH reserves the right to assign the Exhibitor a stand in a different location to the stand confirmation, to change the size of its exhibition space, to relocate or close entrances and exits to the exhibition grounds and halls and to make other structural changes, insofar as Agra Veranstaltungen GmbH has a considerable interest in such measures due to special circumstances or is obliged to do so by safety regulations or official requirements.

3.9. Exchange of space

Unauthorized exchange of space is not permitted.

3.10. Services in the exhibitor service portal

After receipt of the stand confirmation, the Exhibitor may order technical and organizational services (service order) in the Exhibitor Service Portal or in any other agreed manner.

Service orders that are received after the deadline specified in the overview Dates & Timelines will be checked for feasibility and charged with a surcharge to the originally listed price, which can be found in the List of Prices and Services.

The service providers who carry out the respective order are named in the respective order dialogue or in the forms. Agra Veranstaltungen GmbH shall transmit the data collected from the Exhibitor to the service providers who provide the service insofar as this is necessary to provide the service. Agra Veranstaltungen GmbH is merely the intermediary of these services. With regard to the order of further services, the respective service provider shall become the contractual partner of the Exhibitor.

4. Admission

4.1. Admission requirements

The Exhibitor's admission shall be based on the criteria announced in advance by Agra Veranstaltungen GmbH for the respective exhibition or event (e.g. product index, entrepreneurial status). Agra Veranstaltungen GmbH shall decide on the admission of an Exhibitor. It may reject applications without stating reasons.

4.2. Exhibition and sales goods on the stand

All exhibition and sales goods as well as services offered must comply with the product index of the respective exhibition or event. Other exhibition and sales goods may not be exhibited on principle. Exceptions are possible if they are reviewed and approved by Agra Veranstaltungen GmbH.

4.3. Excluded exhibition and sales goods

Products which do not correspond to the product index of the respective exhibition or event may not be exhibited as a matter of principle unless they are absolutely necessary for the presentation or functional sequence of the exhibitor's own exhibition and sales goods. In the event of infringements, Agra Veranstaltungen GmbH may demand that the Exhibitor remove the relevant exhibits from the stand. If the Exhibitor does not immediately comply with the instructions of the exhibition management, Agra Veranstaltungen GmbH shall be

entitled to arrange for the removal of the exhibition and sales goods concerned at the expense and risk of the Exhibitor.

4.4. Outstanding claims

Admission may be refused if, at the time of the registration, there are still outstanding claims arising from the Exhibitor's earlier participation in an exhibition or event.

4.5. Revoke of admission

If admission (stand confirmation) has been granted on the basis of false requirements or information or if the admission requirements are subsequently no longer applicable, Agra Veranstaltungen GmbH shall be entitled to revoke the admission granted and close the stand without compensation. If dismantling and clearance are not carried out immediately, Agra Veranstaltungen GmbH shall be entitled to do so at the Exhibitor's expense and, if necessary, to dispose of the exhibition space otherwise. This shall not affect the Exhibitor's obligation to pay the agreed exhibitor's contribution. In the event that the stand space is otherwise allocated, the Exhibitor shall be permitted to prove that Agra Veranstaltungen GmbH has not incurred these costs or has not incurred them to the same extent.

Agra Veranstaltungen GmbH reserves the right to assert further claims. The stand area is not considered to have been relet elsewhere if for optical reasons the area not used by the exhibitor is allocated to another exhibitor without Agra Veranstaltungen GmbH obtaining further revenues from this allocation. Nor is the stand considered to have been relet elsewhere if areas that are not yet occupied are available to the respective exhibitor group.

4.6. Industrial property rights

Industrial property rights (including trademark, patent and utility model rights) of other exhibitors or third parties may not be infringed. The assertion of possible claims arising from industrial property rights or the prosecution of alleged infringements of industrial property rights is the sole responsibility of the respective holder of the industrial property rights. Neither the Organizer nor Agra Veranstaltungen GmbH may assert third-party industrial property rights in their own name. Agra Veranstaltungen GmbH reserves the right to exclude an exhibitor from the current event or from future events in the event of proven infringements of industrial property rights (legally binding court decision). Liability claims against Agra Veranstaltungen GmbH for infringement of industrial property rights by third parties are excluded.

4.7. Live animals

Exhibiting live animals for demonstration purposes must be notified to Agra Veranstaltungen GmbH by the exhibitor as part of the application. Agra Veranstaltungen GmbH shall inform exhibitors who wish to exhibit live animals which animals may be exhibited and which veterinary requirements must be submitted or complied with.

The exhibitor shall ensure that each animal attendant carries the necessary certificates and/or accompanying documents for his animals so that these can be presented to the official veterinarian immediately on request.

In addition, the exhibitor must comply with all animal welfare, animal health and disease protection regulations and must contact the veterinary office responsible for him for this purpose.

Furthermore, the exhibitor must comply with all other regulations in connection with the display of animals (in particular the applicable marking and identification regulations). The exhibition management is required to notify the responsible veterinary office or the official veterinarian immediately in the event of animal diseases or suspected diseases that indicate infection with pathogens, as well as any death. Sick animals or animals at risk of infection must be isolated from other animals and placed under official surveillance at the owner's expense. Claims for compensation of costs against Agra Veranstaltungen GmbH are excluded.

4.8. Sale of exhibition goods and food

Direct sales to visitors are permitted within the exhibition space. The exhibitor is obliged to comply with all direct or indirect regulations applicable to the sale of the offered goods and services. This applies in particular to all requirements from the Price Indication Ordinance, the Verification Act, packaging, food labeling and food hygiene law.

The exhibitor's compliance with food law regulations can be checked by the exhibition management or the responsible authorities at any time without notice during the entire event period. The exhibitors are also obliged to keep all permits and / or other documents in connection with the sale of their goods and services with them during the trade fair or event and to present them to the event management or the responsible authorities upon request. Violations of the

forementioned obligations can be issued with a warning by agra Veranstaltungen GmbH. In the event of serious or permanent violations, agra Veranstaltungen GmbH is entitled to close the stand without compensation.

4.9. Application for stand setup approval and application for building permit

Applications for stand setup approval and applications for building permits must be submitted by the date specified in the "Dates & Timelines" overview. In addition, the requirements of the Technical Regulations must be observed. Only complete applications will be accepted as timely.

4.10. Photo and video recordings

Photographic and/or video recordings to be made during an exhibition or event generally require the permission of Agra Veranstaltungen GmbH and/or further authorization from the respective rights holder. Approval by Agra Veranstaltungen GmbH may be granted in text form upon informal application. The application must briefly describe the planned project. Any claims for damages against Agra Veranstaltungen GmbH in the event of infringement of third-party rights that may result from the photographs and/or video recordings made are excluded.

4.11. Exhibition and sale of weapons and ammunition

The intended exhibition of weapons and / or ammunition is only permitted if the specified exhibition goods are included in the nomenclature of the event. If these are included, a separate permit is required for an intended exhibition, in accordance with the Weapons Act, Section 35, which the exhibitor must obtain from the competent authority. The application for the issuing of a special permit for the exhibition, for the sale and for the surrender of weapons and ammunition will be made available by agra Veranstaltungen GmbH upon request of the exhibitor.

5. Co-exhibitor

Use of the stand area by another company which is represented with its own exhibition and sales goods or services and its own personnel or only with its own exhibition and sales goods or services must be notified to Agra Veranstaltungen GmbH at the time of registration. Their admission shall also be based on the criteria specified for the main exhibitor (section 4). Each co-exhibitor must be registered by the main exhibitor. The costs can be found in the List of Prices and Services, as amended. The debtor is always the main exhibitor. Any - even partial - transfer of the rights and obligations arising from the contract to third parties is not permitted.

6. Data protection

Agra Veranstaltungen GmbH collects and stores company and personal data transmitted to it by the exhibitor in the course of registration and further contract processing. If Agra Veranstaltungen GmbH or the exhibitor commissions service partners or service providers, these data will be passed on to the service partner or service provider for the purpose of handling business processes.

7. Prices

7.1. Registration fee

The registration fee for exhibitors and each co-exhibitor is stated in the List of Prices and Services, as amended.

7.2. Exhibitor contribution in the hall and open air

The exhibitor contribution depends on the chosen stand area and the type of stand. The individual prices can be found in the List of Prices and Services, as amended.

The exhibitor's contribution does not include any set-ups.

Two-story buildings are subject to approval and a fee. The prices can be found in the list of Prices and Services. The length and depth of the stand can only be rented in full meters. Any other stand space specified in the registration will be rounded up to full meters and charged. Circular or oval spaces will be charged with the right-angled supplement.

The exhibitor is obliged to return the stand space to agra Veranstaltungen GmbH in a clean and original condition. If the exhibitor fails to do so by the end of the dismantling, agra Veranstaltungen GmbH is entitled to restore the condition at the expense of the exhibitor.

7.3 Stand construction, data transfer and media entry

7.3.1. Agra Veranstaltungen GmbH shall commission third parties to build the full-service stands. It shall be entitled to transmit to third parties for this purpose the data it has collected on the exhibitor. The company commissioned to build the stand is named in the List of Prices and Services.

7.3.2. The stand construction company shall hand over the booked stand to the exhibitor within the last two set-up days. Upon handover the Exhibitor shall insure himself of the proper condition, road safety and completeness of the stand. Upon handover the Exhibitor shall confirm that the stand is in a fault-free condition, unless the Exhibitor submits a notice of defects to the representative of third parties upon handover. If the stand area is not occupied by the Exhibitor's personnel at the time of handover, the stand shall be deemed to have been handed over in proper condition at the end of the day on which construction work is completed.

7.3.3. Stand equipment ordered but not used shall not be reimbursed.

7.3.4. Liability

7.3.4.1. The Exhibitor's liability for damage to and loss of the stand structures and stand accessories of the full-service stands made available to him shall commence upon handover and end upon return to the stand construction company.

7.3.4.2. The Exhibitor shall be obliged to handle stand structures and stand accessories of the Full Service Stands with care and to return them to the stand construction company in an orderly condition. In particular, walls and furniture may not be nailed, screwed, taped with double-sided adhesive tape or otherwise damaged.

7.3.4.3. The stand structures and any accessories shall be made available for collection by the Exhibitor immediately after the end of the event, at the latest on the day of dismantling. Objects or documents which are the property of the Exhibitor shall be removed from the stand at the end of the event. If this is not done, they will be disposed of at the expense of the Exhibitor.

7.3.4.4. If the Exhibitor defaults on returning the stand structures and stand accessories, the stand construction company shall be entitled to prepare these objects for removal at the expense and risk of the Exhibitor. Objects not returned or damaged and which are the property of the stand construction company shall be invoiced to the Exhibitor at the replacement price.

7.4. Co-exhibitor fee

A co-exhibitor fee is charged for each co-exhibitor. The individual prices and price components can be found in the List of Prices and Services, as amended.

7.5. Public company profile (media entry)

Entry in the official exhibition media (e.g. website, digital platform, catalogue, electronic visitor information, app) is mandatory and subject to a fee for all exhibitors and co-exhibitors. The individual prices and price components can be found in the List of Prices and Services, as amended. The Exhibitor is obliged to submit his data for the media entry to Agra Veranstaltungen GmbH by the date specified in the "Dates & Timelines" overview. The data shall be transmitted by means of an input mask via the Exhibitor Service Portal. Exhibitors who do not submit their entry for the media entry by the deadline will be included for a fee according to the data in the application.

7.6. Garbage disposal

The waste disposal during the exhibition is carried out by agra Veranstaltungen GmbH. Each exhibitor is charged a mandatory flat-rate fee for this service. The disposal of the construction and dismantling waste is not included in this flat rate and is to be carried out on one's own responsibility and at the expense of the respective exhibitor.

7.7. Early stand construction

The stand may only be erected during the assembly times previously specified by Agra Veranstaltungen GmbH in the "Dates & Timelines" overview. The Exhibitor shall ensure that third parties who are responsible for stand construction on his behalf also comply with the construction times. Early stand construction may be approved by the Exhibition Management. The approval is subject to a fee. The costs can be found in the List of Prices and Services, as amended.

Premature stand construction without the approval of the exhibition management may, after prior warning, lead to immediate dismantling and, if necessary, closure of the stand or immediate exclusion from the exhibition. Any claims for compensation by the exhibitor are excluded. The costs incurred by Agra Veranstaltungen GmbH as a result of the previously unapproved stand construction shall be charged to the Exhibitor.

7.8. Early closure

Dismantling of the stands in the halls may only begin on the final day of the exhibition after the end of the exhibition. Dismantling of stands before the end of the exhibition on the last day of the fair or event may be subject to a warning by the exhibition management and may result in the Exhibitor being excluded from future exhibitions or events. In the event of early closure, the Exhibitor will be charged an additional amount of 20% of the exhibitor's fee, but at least € 1,000. Agra Veranstaltungen GmbH reserves the right to assert any claims for damages that may arise from this.

7.9. Late applications and service orders

An increased handling fee will be charged for late submission or missing applications as well as late service orders. Individual prices can be found in the list of Prices and Services, as amended.

7.10. Value added tax, proof of entrepreneurial status

All prices are net prices in Euro. In addition, VAT is payable at the rate applicable at the time of the exhibition or event, insofar as this is prescribed by law.

7.10.1. Exhibitors from the European Union shall enter their VAT ID number on the registration form, thereby authorizing the order to be executed using this number. If Agra Veranstaltungen GmbH already has the VAT ID number (e.g. from previous participations), it may be used without further enquiry, even if no details were provided on registration. Upon receipt of the invoice, the Exhibitor shall check whether the registered VAT ID number is correct and shall inform Agra Veranstaltungen GmbH immediately of any errors. Agra Veranstaltungen GmbH shall pass on the VAT ID number to other companies in the DLG Group (www.dlg.org/gruppe) insofar as these companies execute orders from the Exhibitor in connection with the event. The Exhibitor shall be liable for back taxes resulting from incorrect VAT ID numbers.

7.10.2. Exhibitors domiciled outside the EU ("third country territory") shall prove their entrepreneurial status with a certificate issued by an authority in their home country. The certificate must also show the tax number under which the company is registered. If the company does not have a tax number, the competent authority must state the reason for this. Agra Veranstaltungen GmbH shall forward the company certificate to other companies of the DLG Group (www.dlg.org/gruppe) insofar as these companies execute orders of the Exhibitor in connection with the event.

8. Terms of payment

8.1. Due date of invoices

All invoice amounts are due immediately, unless otherwise specified in the invoice. All payments shall be transferred free of charges and without any deductions to one of the accounts of Agra Veranstaltungen GmbH indicated on the invoice, quoting the invoice and customer number.

8.2. Reminder and default of payment

The Exhibitor shall be in default after a claim becomes due, at the latest when Agra Veranstaltungen GmbH sends a reminder. In the event of default in payment, the right to charge interest on arrears from the date of default shall be reserved. If the Exhibitor is an entrepreneur, Agra Veranstaltungen GmbH shall furthermore be entitled to demand a flat-rate compensation from the Exhibitor in addition to the default interest. The amount of the lump sum shall be set out in the current version of the respective list of prices and services. If the Exhibitor fails to meet its payment obligations despite receiving a reminder of a due claim, Agra Veranstaltungen GmbH may withdraw from the contract and invoice the services rendered to date and close the stand without compensation.

8.3. Assignment and set-off of claims

The assignment of claims against Agra Veranstaltungen GmbH is excluded. The offsetting of claims shall only be permissible with undisputed or legally established counterclaims.

8.4. Lessor's lien

In order to secure its claim, Agra Veranstaltungen GmbH reserves the right to exercise the lessor's lien and, after giving written notice, to have the pledged goods either auctioned publicly at the exhibitor's expense or sold by private contract.

9. Cancellation and non-participation of the exhibitor

Until receipt of the stand confirmation, the Exhibitor is bound by his application and may only cancel his participation in accordance with section 9.1 or 9.2.

9.1. Cancellation before receipt of the stand confirmation

If the Exhibitor cancels his participation before receipt of the stand confirmation, he remains obliged to pay the registration fee plus statutory VAT.

9.2. Cancellation after stand confirmation or reduction of the stand area

In case of cancellation of the application after stand confirmation or arbitrary reduction of the stand area by the Exhibitor, the Exhibitor remains obliged to pay the amounts shown in the table below:

	Cancellation of the contract	Change of the contract (from full-service stand to stand space without stand construction)
Time of receipt of the cancellation by Agra Veranstaltungen GmbH	Compensation in % of the regular participation fee based on the registered or confirmed stand space or full-service stand.	
Point in time <u>until</u> the stand is confirmed	Registration fee	0%
Point in time <u>after</u> the stand confirmation	100%	100%

Chargeable services already provided, such as services ordered by the exhibitor for example media entries, power connection, water installation, etc., are to be paid in full by the withdrawing applicant. The Exhibitor shall be permitted to prove that Agra Veranstaltungen GmbH has not incurred these costs or has not incurred them to the same extent. We reserve the right to assert further claims.

9.3. Other allocation of the stand space

9.3.1. The Agra Veranstaltungen GmbH is not obliged to accept a replacement exhibitor provided by the exhibitor.

9.3.2. If Agra Veranstaltungen GmbH succeeds in allocating the stand space to another chargeable exhibitor, the exhibitor contribution to be paid by the resigned exhibitor shall be reduced by the income from the allocation to another exhibitor, but by no more than 75% of the exhibitor contribution. The resigned exhibitor has to pay a cost share of 25% of the exhibitor contribution as an expense allowance. The stand area will not be considered to be re-allocated in cases where space not used by the exhibitor is reallocated to another exhibitor for cosmetic reasons, without the Agra Veranstaltungen GmbH obtaining further income from reallocation. The stand area will also not be considered as re-allocated where unoccupied stand areas in the exhibitor group concerned are still available. The Exhibitor reserves the right to prove that Agra Veranstaltungen GmbH has not incurred the costs charged to it or has not incurred them to the same extent. Agra Veranstaltungen GmbH reserves the right to assert further claims.

9.3.3. If the stand is not visibly occupied in time, i.e. by the completion of construction, Agra Veranstaltungen GmbH may exclude the Exhibitor from further participation and, if necessary, dispose of the exhibition space elsewhere without compensation. The Exhibitor shall continue to be obliged to pay the full amount of the exhibitor's fee. The Exhibitor shall reserve the right to prove that Agra Veranstaltungen GmbH has not incurred the costs invoiced to it or has not incurred them in this amount. We reserve the right to assert further claims.

9.3.4. If an Exhibitor fails to participate, co-exhibitors may enter into the contractual rights and obligations of the Exhibitor.

10. Reservations

10.1. Cancellation, postponement, shortening, cancellation, interruption, relocation, closure of the exhibition or event

10.1.1. The Agra Veranstaltungen GmbH shall be entitled, in justified exceptional circumstances, to postpone, shorten, interrupt, temporarily suspend, partially or completely close or cancel the exhibition or event and/or relocate it.

A justified exceptional situation legitimating such a measure shall exist in particular if

- a) a sovereign measure (e.g. a court or official order or other sovereign regulation such as a law or ordinance) in connection with the execution of the event exists or the execution of the event is urgently advised against, regardless of whether such sovereign measure is addressed directly to Agra Veranstaltungen GmbH or to the general public. This also includes all sovereign measures in connection with the corona virus SARS-CoV-2 / COVID-19; or
- b) there are sufficient factual indications that the planned execution or continuation of the event may lead to a concrete endangerment of life or limb or of property of considerable value; or
- c) the trouble-free execution of the event is impaired or endangered to such an extent that the purpose of the event intended by the planned execution cannot be achieved by exhibitors, visitors or Agra Veranstaltungen GmbH or can only be achieved with considerable restrictions.

10.1.2. Agra Veranstaltungen GmbH shall make this decision in its function as the organizer of the exhibition or event at its own dutiful discretion. The interests of all affected exhibition participants (in particular exhibitors, visitors, conference topics, speakers, sponsors, etc.) shall be taken into account in the decision, both with respect to the purpose of the event and with respect to the safety considerations required.

10.1.3. Force majeure

10.1.3.1. Agra Veranstaltungen GmbH shall also be entitled to the options for action under 10.1.1. including the legal consequences under 10.2. if a case of force majeure exists.

10.1.3.2. Notwithstanding the provision in 10.1.1., force majeure means the occurrence of an event or circumstance that prevents agra Veranstaltungen GmbH from or makes it partly or completely impossible for it to perform one or more of its contractual obligations under the contract if and to the extent that Agra Veranstaltungen GmbH proves that

- a) such an obstacle is beyond their reasonable control, i.e. has no operational link; and
- b) it was not reasonably foreseeable at the time of the conclusion of the contract; and
- c) the effects of the obstacle cannot be avoided or overcome by it, even by economically bearable means and with the utmost diligence reasonably expected of it, and are therefore permanently, and not just temporarily, unavoidable for it.

Such an event or circumstance is suspected to be rebuttable in particular in cases of war, invasion, military mobilization, civil war, riots, acts of terrorism, sabotage, currency and trade restrictions, embargoes, sanctions, lawful or unlawful official acts, expropriation, nationalization, plague, epidemics, pandemics, natural disasters due to endogenous or gravitational or climatic causes, explosion, fire, destruction of halls and/or buildings on the exhibition grounds and entrances to the exhibition grounds, prolonged failure of public transport, telecommunications, information systems or energy, general labor unrest such as boycotts and strikes, occupation of all or part of the exhibition or event grounds and/or of halls, buildings and/or entrances, provided that such unrest does not originate within the sphere of influence of Agra Veranstaltungen GmbH.

10.1.3.3. Agra Veranstaltungen GmbH shall notify the Exhibitor immediately of the event. If such notification is not made without delay, the release of Agra Veranstaltungen GmbH from its contractual obligations to perform shall take effect from the time at which the exhibitor receives the notification.

10.2. Legal consequences of section 10.1.

10.2.1. In the event of complete cancellation prior to the start of the event, agra Veranstaltungen GmbH will be released from its contractual obligation to perform, commencing at the time of cancellation. Exhibitor fees already paid will be refunded to the exhibitor in full, minus the registration fee.

10.2.2. In the event of a relocation, postponement or shortening of the time of the event before the start of the event, the contract shall be deemed concluded for the new venue or period of the event, provided the Exhibitor has agreed to this change within 2 weeks of receipt of the notification.

If the Exhibitor does not agree to the change or does not express his disagreement within the specified period, Agra Veranstaltungen GmbH shall have the right to withdraw from the contract and to invoice the Exhibitor for the services rendered up to the time of notification of the changes. If the Exhibitor proves that the invoiced costs are lower, it shall pay the correspondingly reduced cost contribution.

10.2.3. In the event of premature termination (cancellation, shortening), temporary interruption or partial closure after the start of the exhibition or event or in the event of a late start, the Exhibitor's obligation to participate in the part of the event that has not been cancelled and to pay the full exhibitor's contribution remains in force.

10.3. Cancellation of the event for economic reasons

Agra Veranstaltungen GmbH shall be entitled to refrain from holding the event at its reasonable discretion and taking into account the legitimate interests of the exhibition participants (see subsection 10.1.2.) if the economic viability of the exhibition or event cannot be achieved or the registration stand indicates that the industry overview aimed for by the exhibition or event cannot be guaranteed. The mutual performance obligations of the contractual partners shall cease to apply upon cancellation.

Agra Veranstaltungen GmbH shall be obliged to reimburse any payments already made by the Exhibitor to the extent that the paid service has not yet been provided at the time of cancellation.

Claims by the Exhibitor for reimbursement of expenses already incurred for participation in the event or for damages cannot be derived from the cancellation.

11. Disclaimer of liability

Agra Veranstaltungen GmbH excludes all liability for any cases of liability whatsoever unless Agra Veranstaltungen GmbH, its legal representatives or vicarious agents act with gross negligence or intent. Furthermore, this limitation of liability shall not apply in the event of injury to life, limb or health, even if based on slight negligence, or in the event of a breach, even if based on slight negligence, of such obligations the fulfilment of which makes the proper execution of the contract possible in the first place, the breach of which jeopardizes the achievement of the purpose of the contract and on the observance of which the exhibitor regularly relies (so-called cardinal obligations).

12. Preclusive period, text form, Place of Performance, Place of Jurisdiction

12.1. Changes, additions and deviations to these General Terms & Conditions of Business must be made in text form.

12.2. German law shall apply exclusively.

12.3. The interpretation of the contractual and general terms and conditions of business shall be based on the German text in the event of a dispute. In the event of possible discrepancies between the German and English versions, the German version shall prevail.

12.4. The place of performance and jurisdiction is, as far as permissible, Leipzig. However, Agra Veranstaltungen GmbH reserves the right to assert its claims at the court of the place where the exhibitor has its registered office.

13. Event insurance

It is strongly recommended that you take out event insurance. It should provide protection for stand equipment and the goods exhibited in the event of damage caused by theft, fire, water, storm, vandalism, etc., as well as during transport to and from the event.

14. Event liability insurance

It is also recommended to take out liability insurance as a supplement to public liability insurance. This also applies to service providers who work for the exhibitor.

15. Severability clause

Should individual provisions of these General Terms & Conditions of participation or parts thereof be or become invalid, this shall not affect the validity of the remaining provisions and of the contract concluded under these General Terms & Conditions as a whole. In this case, the parties undertake to agree other provisions in place of the invalid provisions which come as close as possible to the legal and economic content of the invalid provisions.

List of Prices and Services

JAGD & ANGELN 2025

Prices

The following prices are valid for the fair JAGD & ANGELN 2025. All information without guarantee. Errors excepted. The German text is binding.

1.1. Registration fee

The registration fee for exhibitors and each co-exhibitor is EUR 95.00 each.

1.2. Media entry

The entry in the official exhibition media (e.g. website, catalog, exhibition guide) is obligatory for all exhibitors and co-exhibitors and is subject to a fee. The costs for the media entry are EUR 50.00 each.

1.3. Exhibitor contribution in the hall (floor space only)

The allocation of the stand space in the halls is made according to the nomenclature of exhibition and sales goods.

Stand inside the hall

Row stand	(1 side open)	EUR 63,00*
Corner stand	(2 sides open)	EUR 69,00*
Peninsula stand	(3 sides open)	EUR 77,00*
Island stand	(4 sides open)	EUR 80,00*

Catering inside the hall

Row stand	(1 side open)	EUR 68,00*
Corner stand	(2 sides open)	EUR 74,00*
Peninsula stand	(3 sides open)	EUR 82,00*
Island stand	(4 sides open)	EUR 85,00*

*per sqm

The exhibitor contribution does not include any superstructures. Two-story structures are subject to approval and costs. The costs is based on the specifications of the approval authority and depends on the superstructures.

Only whole meters can be rented with regard to the length and depth of the stand. Stand areas stated otherwise in the application will be rounded up to full meters and charged. Circular or oval spaces will be charged with the right-angled addition.

The minimum stand depth is 3.00 m and the minimum exhibition area is

- 9 m² for row and corner stands
- Peninsula and Island stands upon request and agreement.

The space requirement must be selected in such a way that exhibits, stand structures, roof overhangs, etc. do not project onto paths or into neighboring stands. The size of the individual exhibition areas and their arrangement and location will be determined by agra Veranstaltungen GmbH.

All prices net plus registration fee, media entry and waste disposal fee.

1.4. Exhibitor contribution in the open air area (stand area only)

The price for stands in the outdoor area is the same regardless of whether it is a row stand, corner stand, peninsula stand or island stand.

Stand open air	EUR 33,00 *
Stand open air – Gastronomy	EUR 38,00 *

*per sqm

The exhibitor fee does not include any superstructures. Two-story structures are subject to approval and costs. The amount of the costs is based on the specifications of the approval authority and depends on the superstructures.

Only whole meters can be rented with regard to the length and depth of the stand. Stand areas stated otherwise in the application will be rounded up to full meters and charged.

Circular or oval spaces will be charged with the right-angled addition.

The smallest stand depth is 3.00 m and the smallest exhibition area is 9 m².

Space requirements must be selected so that exhibits, stand structures, roof overhangs, etc. do not project onto walkways or into neighboring stands. The size of the individual exhibition areas and their arrangement and location will be determined by agra Veranstaltungen GmbH.

All prices net plus registration fee, media entry and waste disposal fee.

1.5. Exhibitor contribution in the hall (fishing exhibition area only)

The allocation of the stand space in the halls is made according to the nomenclature of exhibition and sales goods. Only exhibitors who offer products according to the nomenclature in the fishing sector will be admitted. The allocation of the stand form is the responsibility of the organizer, requests can be indicated.

Stand size

Stand fishing area up to 12 m²	EUR 420,00
Stand fishing area up to 20 m²	EUR 630,00
Stand fishing area up to 30 m²	EUR 780,00
Stand fishing area up to 40 m²	EUR 880,00
Stand fishing area up to 60 m²	EUR 1.150,00
Stand fishing area up to 80 m²	EUR 1.300,00
Stand fishing area up to 100 m²	EUR 1.650,00
Above 100 m²	by arrangement

All prices net plus registration fee, media entry and waste disposal fee.

The exhibitor fee does not include any superstructures. The stand type is allocated by agra Veranstaltungen GmbH.

1.6. Co-exhibitor fee

The co-exhibitor fee consists of the application fee and the media entry for the co-exhibitor.

Application fee	EUR 95,00
Media entry	EUR 50,00

1.7. Garbage lump sum / garbage fee

Waste disposal during the exhibition will be carried out by agra Veranstaltungen GmbH. A flat-rate fee of EUR 45.00 will be charged to each exhibitor for this service. The disposal of construction and dismantling waste is not included in this flat rate and must be carried out at the exhibitor's own responsibility and expense.

1.8. Early stand construction

Early set-up during the preparation period of the event site for stand construction (before the official start of set-up) is subject to approval and costs. The costs for this are EUR 200.00 per stand.

In the event that an exhibitor starts setting up prematurely without the permission of the exhibition management, he is obliged to pay a penalty of twice the normal fee.

1.9. Early closure

Dismantling of the stands may not begin until the last day of the fair after the exhibition has closed. In the event of premature closure, the exhibitor will be charged an additional amount of 20% of the exhibitor's fee, but at least EUR 1,000.00.

1.10. Late applications and service orders

A processing fee of EUR 200.00 will be charged for late or non-submitted requests. Service orders received after the deadline specified in the "Dates & Data" overview will be charged with a 20% surcharge on the originally listed price.

1.11. Invoice change fees

A processing fee of EUR 40.00 per revision version will be charged for changing invoice addresses and contents at the request of the exhibitor.

1.12. Reminder costs

A flat rate of EUR 15.00 per reminder will be charged as reminder costs.

1.13. Value added tax (VAT)

All prices are net prices. In addition, value-added tax (VAT) shall be payable at the statutory rate applicable at the time of the event.

Overview Dates & Timelines

JAGD & ANGELN 2025

checked for feasibility. Orders received after this deadline will be charged at a 20 % surcharge on the originally listed price.

1. Location, duration of the exhibition, opening hours, dates

1.1. Location and duration

JAGD & ANGELN will take place from 3rd to 5th October 2025 in the agra Messepark Leipzig, Bornaische Straße 210, 04279 Leipzig, Germany.

1.2. Registration deadline

The deadline for registration is July 21st, 2025.

1.3. Planning permission, Approval of stand design

In the case of two-story stand structures or special construction, an inspection and acceptance by the local authorities is required that goes beyond the stand setup approval. The building application for this must be received by the City of Leipzig, Building Regulations Office, no later than 6 weeks before the start of construction.

Please note that these inspections are subject to a fee.

Applications for construction permits must be received by agra Veranstaltungen GmbH by 23rd August 2025 at the latest.

1.4. Opening hours on event days

for visitors:

Friday, October 3, 2025, 10:00 a.m. - 6:00 p.m.

Saturday, October 4, 2025, 10:00 a.m. - 6:00 p.m.

Sunday, October 5, 2025, 10:00 a.m. - 5:00 p.m.

für exhibitors:

Friday, October 3, 2025, 8:30 a.m. - 7:30 p.m.

Saturday, October 4, 2025, 8:30 a.m. - 7:30 p.m.

Sunday, October 5, 2025, 8:30 a.m. - 12:00 p.m.

Exhibitors are required to keep their booth staffed beginning October 3rd, 2025 and not vacate their booth before the official closing time (October 5th, 2025, 5:00 p.m.).

1.5. Commencement of Stand Construction

Set-up is possible on the following days:

Monday, September 29, 2025, 08:00 a.m. – 8:00 p.m.

Tuesday, September 30, 2025, 08:00 a.m. – 8:00 p.m.

Wednesday, October 1, 2025, 08:00 a.m. – 8:00 p.m.

Thursday, October 2, 2025, 08:00 a.m. – 8:00 p.m.

Please note that the site will only be guarded from Tuesday, September 30, 2025, 18:00.

Earlier set-up dates are only possible after inspection and approval by the exhibition management. There is a charge for early set-up.

1.6. Completion of Construction

The stands must be fully prepared and occupied with the registered exhibits no later than 8:00 p.m. on October 2nd, 2025.

1.7. Start of Dismantling

Dismantling of the exhibition stands may begin at 5:00 p.m. on October 5th, 2025. On the last day of the exhibition, work may continue until 24:00, and on the following days from 8:00 to 20:00.

1.8. Completion of Construction

Dismantling must be completed no later than 8:00 p.m. on October 9th, 2025.

1.9. Registration deadline for the media entry

Deadline for media entry is August 1st, 2025.

1.10. Accounting

Invoicing for the exhibitor contribution will take place with or after stand confirmation. The services that can be ordered from this point on will be invoiced after the event.

1.11. Service orders

Service orders can be placed via the Exhibitor Service Portal until August 31st, 2025. Orders received after this date will first be

Technical Regulations

JAGD & ANGELN 2025

1. Stand Construction Regulations / Fire and Safety Regulations

The general conditions of construction supervision for trade fairs and exhibitions must be complied with (Sächsische Versammlungsstättenverordnung - SächsVStättVO). Below are excerpts of some of the most important facts from the mentioned guideline.

The exhibition stand must be designed so that from every point of the stand, two separate and viewable escape lanes can be reached in less than 5 meters. A main lane must be reachable from any point of the escape lanes within 10 m. Any kind of thresholds and steps on escape lanes are strictly forbidden.

Every stand or parts of a stand accessible by visitors must have, or must be reached by, a safety light system. The DIN-VDE norm is required for all electrical systems at the exhibition. Decoration elements such as textiles, tablecloths, foils or decoration elements require at least DIN 4102 "hardly inflammable" also colloquially known as "B1". The exhibitor must be able to declare the compliance of the used materials and must be able to hand out a certification about used impregnation.

Deciduous and coniferous trees may only be used with moist root-balls. Bark mulch, turf or similar materials may only be used in a wet state.

The storage of any type of empty goods (e.g. packaging materials etc.) within or outside the stand area especially in between the hall wall and the stand is not permitted. All heat-generating equipment must be installed with a safety device. The distance to adjacent, flammable materials must reflect the amount of heat produced by the relevant item.

Any kind of unprotected lights or open flames are strictly forbidden inside the exhibition halls. Flammable liquids and gases may not be used in the exhibition halls or on the outdoor exhibition area. Unused combustible materials must be transported immediately to the waste containers or designated locations. Highly flammable and combustible materials may only be displayed under suitable covers. If highly flammable materials are used, sufficient fire extinguishers must be placed on the stand. Explosive substances are subject to the Explosives Act and may not be exhibited. This also applies to ammunition as defined by the Weapons Act. All other hazardous substances may not be brought onto the exhibition grounds.

Vehicles and machines equipped with combustion engines may only be exhibited in the halls with the fuel tank largely empty (the reserve light of the fuel gauge must be active). The battery (including drive batteries of hybrid vehicles) must be disconnected and the fuel tank must be locked. For gas drives, pressurized tanks must be drained and depressurized. The use of open flames, flammable gases, pyrotechnics, explosive substances and smoking is prohibited inside the halls. Exceptions require the written approval of the operator, the organizer and coordination with the Leipzig Fire Department.

The use of any remote-controlled flying objects or balloons is subject to approval by the organizer. Air balloons can only be filled with safety gas. Fire brigade movement zones, hydrants or other important safety devices like switch boxes and smoke venting systems must maintain permanently accessible.

The hallways must remain free. Objects or part of exhibition stands may not occupy or protrude into the hallways. All buildings and constructions must be executed in compliance with statutory regulations. Constructions which have to handle extraordinary forces or loads require general building inspectorate approval. Before the commissioning of an exhibition stand, a technical approval of structural and fire safety measures must be concluded.

Any instructions/orders issued by regulatory authorities such as police or fire department must promptly be obeyed at all times. The used technical equipment must meet the EC- Machinery Directive and require all necessary protection devices and safety matters concerning this regulation to prevent hazards to human life and health.

Technical equipment according to the EC- Machinery Directive must be labeled with the CE-sign and must fulfill all relevant points of the EG-Directive. Every exhibition stand must be able to provide an EC conformity declaration as well as an original operation manual.

2. Escape and emergency routes, fire safety and release mechanisms

Escape and rescue routes are to be kept free at all times in their full length and width. No objects that could cause tripping (e.g. cable, electric cords) should be left on the floor. This also applies for cables covered by e.g. rubber mats or tape. The windbreakers between the inner and outer door at the entrance of the hall must be kept free at all times. The storage of material in this area is prohibited. Flags, banners and stand parts or narrowing of any kind at the exhibition lanes are forbidden. This also includes the airspace above the exhibition lanes.

Wall hydrants, fire warning devices, escape route maps, fire extinguishers and other fire- safety equipment have to maintain accessible and viewable permanently. The access to the detector system for the smoke removal, especially for the detectors behind the exhibition stand, must be kept free at all times. If necessary, the exhibition stand must be designed in the way to allow the accessibility to the fire detector system. The fire protection door may not be blocked, wadded or lashed. The opening circle of the door must remain free as well as the arrest system of the doors, so the functionality is given in case of an emergency situation. The signs of escape or emergency lanes must remain viewable at all times and may not be covered. For larger exhibition stands an additional escape and emergency signage must be provided. This must be communicated with the organizer, the operator of the exhibition stand, and the local building authority.

3. Special constructions and goods

Exhibition stand constructions with a wall higher than 2.5 m, advertising structures above 3.5 m, multistoried buildings or any kind of special type of construction must be mentioned in the application form. The exhibitor has to bear the costs if a technical approval by the local authority is necessary.

Exhibition goods which may exceed a height or width of 2.5 m and a total weight of 1000 kg must be specifically characterized in the application form. In case an exhibition good applies punctual heavy pressures on the hall ground, the estimated punctual pressure and the size of the affected areas must also be mentioned.

4. Stand walls / stand construction

In case the exhibitor does not build his own exhibition stand, he is held to order stand partition walls by using the Exhibitor-Service-Portal. If the organizer notices a missing partition wall during the approval of the exhibition stand, the missing partition wall will be provided by the organizer on the exhibitors' expense. Exhibition goods, inventory, exhibits and advertising structures must be constructed in a stable manner to ensure that the lives and safety of persons, and public safety and order are not endangered. For special structures and large exhibits, a verification of stability must be prepared by the exhibitor. Stabilizing stands against neighboring stands or existing building structures is prohibited. The exhibitor is responsible for structural safety and must provide proof of this if necessary.

Spotlights, loudspeakers and other equipment can only be installed on proper dimensioned carrying devices. The installation must be done with approved slinging means. The construction must contain a secondary safety component by using a proper dimensioned safety rope. Cable ties, screw clamps or any kind of clamps to fasten statically loaded parts such as lightning etc. are not permitted.

5. Delivery - Clearance

5.1 Delivery of exhibition exhibits and shipments

The exhibitor is obliged to personally accept exhibits and other consignments at his stand.

The organizer does not accept exhibits at the exhibition management.

The delivery address is to be given to the respective bearer by the exhibitor as follows:

agra Messepark Leipzig,
Bornaische Straße 210,
04279 Leipzig,
„Jagd & Angeln“,
Company and contact person,
Details of the location - hall or outdoor area and stand number.

5.2 Exhibition forwarder

The official exhibition forwarding agent is the official exhibition forwarding agent of agra Veranstaltungen GmbH. Services can be ordered using the relevant form in the Exhibitor-Service-Portal. The freight forwarder operates in accordance with the provisions of the German Freight Forwarders' Standard Terms and Conditions.

5.3 Low loader, cranes, forklift, etc.

For safety reasons, the use of mobile cranes, special cranes, low-loaders, fork-lift trucks, etc. for the assembly or dismantling of exhibits may only be carried out by the exhibition forwarding agent of agra Veranstaltungen GmbH.

5.4 Empties

The storage of any type of empty goods (e.g. packaging materials etc.) within or outside the stand area is not permitted. Pickup and delivery can be arranged by a forwarding agent of the exhibition.

5.5 Driving along the exhibition area

Visitors are only permitted to drive onto the exhibition grounds during the set-up and dismantling periods or to supply the stands outside opening hours. All vehicles must have left the premises by the end of the set-up period. After this time, the organizer will have the vehicles still on the exhibition grounds removed at the expense and risk of the vehicle owners. The vehicle will only be released against reimbursement of the costs incurred.

In the interest of all parties involved, entry and stay restrictions for vehicles on the exhibition grounds may be imposed. There is a general speed limit of 10 km/h for all vehicles in the exhibition grounds. Inside the exhibition halls and where the traffic conditions demand, the speed must be limited to walking speed.

The regulations of the official German Road Traffic Act StVO apply.

5.6 Parking

Trucks and cars can be parked in a short distance to the exhibition area. Parking tickets for this area can be ordered from the organizer. Caravans and campers can only be parked with a valid parking ticket in the provided areas for this kind of vehicles.

5.7 Supply of exhibition stands

For the entire time of the exhibition, cars and trucks can enter the exhibition area outside the visiting periods for supply reasons from 7:00 to 8:30 am and from 06:00 to 08:30 pm in the evening. To ensure compliance with these regulations, a deposit of 100, 00 € shall be collected at the entrance gate, which shall be repaid in full upon timely exit at the exit gate.

5.8 Costs

Transport and disposal, storing empty goods, clearance, self-constructed stands and restoring of the exhibition space are at the expense and risk of the exhibitor.

6. Technical installations

6.1 Lighting

The general lighting in the halls will be provided by the organizer. The exhibitor is responsible for the lighting of the individual exhibition stand.

6.2 Electrical installation

The connection of an exhibition stand to the electrical system can only be undertaken by the company authorized by the organizer. Portable electrical equipment (wire extensions, electrical distributors, coffee machines) must comply with the DIN VDE 0701-0702 norm. Frequency controlled machinery and facilities must be equipped with a residual current circuit breaker of the type B SK. The operation of this kind of machinery must be reported to the organizer and operator. All installation work must be executed according to the order form of the technical service.

6.3 Water installation

Drinking water is provided with a working water pressure of approx. 2,5 bars. The installation of water intake and outlet can only be undertaken by the company authorized by the organizer.

6.4 Disorders

The organizer is not liable for any losses or damages resulting from power, water or telephone network supply faults or electrical interference.

7. Advertising

7.1 Advertising spaces

A small amount of advertising spaces can be rented by the exhibitor. Any advertising material e.g. company labels etc. shown outside of the exhibition stand are prohibited. The shown advertisements may not contravene the rules of good conduct. Religious, political or ideological advertising is prohibited.

7.2 Brochures

Printed material, brochures and other advertisements can only be distributed at the exhibition stand and may only contain company own information.

7.3 Musical renditions

Loudspeakers / video devices / acoustical and optical presentations only be permitted if neighbor stands and the public visitors are not disturbed by it. For musical renditions, an allowance by the GEMA is necessary.

7.4 Opinion Polls etc.

The implementation of opinion polls is only permitted at company stands and must be notified by the organizer. Promotional contests, raffles etc. must also be notified by the organizer.

8. Exhibitor Passes / Parking

Each exhibitor receives free passes for stand personnel: 2 passes for the first 10 m², 1 pass for each additional 10 m² or part thereof - up to a maximum of 10 passes.

Additional passes can be purchased for a fee via the Exhibitor-Service-Portal. There is a charge for the use of parking spaces. Parking permits are issued subject to the conditions listed in the Exhibitor-Service-Portal.

9. Security

During the runtime of a trade fair and the official assembling and dismantling periods, the organizer is responsible for the general security of the exhibition halls and open areas. Notwithstanding the above, exhibitors must also organize security for their exhibition materials. If additional security is necessary or desired, this can be ordered via the Exhibitor Service Portal. Providing own security staff of a different company is prohibited.

10. Cleaning/ Waste removal

Cleaning of paths and gangways is the responsibility of the organizer. Cleaning of exhibition stands is the responsibility of the stand owner. Based upon the principles of recycling management and waste law, the waste disposal must be implemented according to the Saxonian law. The separate collection of all packaging waste is realized by provided containers around the exhibition area.

Bulky waste, especially old parts of the exhibition stand, must be

recycled by the stand owner or a company responsible for stand constructions on their own expense outside of the exhibition area.

11.Environmental Protection

The exhibitor is obligated to ensure that all his contractors observe the regulations and instructions concerning environmental protection, and to ensure that his contractors are likewise required to do so. Possible contaminations or environmental hazards (e.g. petrol, oil, solvents or paint) must be reported immediately at the fair management.

12.Public Order and Security

12.1 General Safety Regulation

The exhibitor is fully responsible for the stability and operational safety of all exhibits, equipment and installations according to the guidelines for labor safety and accident prevention regulations. The exhibitor is obligated to inform his staff and service providers about these terms and conditions and is liable to observe their compliance. Hallways, gates and exits must remain fully accessible at all times.

Excluded areas may not be entered or navigated on with any kind of vehicles. Fences, barriers e.g. may not be crossed without authorization. Storing stand construction materials or empty packaging inside and outside the exhibition stand is prohibited. Organizer and regulatory authorities such as Police, fire fighters e.g.

13.Official Regulations

The exhibitor is obligated to ensure that all his employees, representatives or contractors recognize all relevant legal and official regulations especially fire, construction and police regulations as well as regulation according to forwarding agents, managing goods and regulations according to advertising as legal binding.

14.Property holders' rights and controlling power

The organizer exercises property holders' rights and controlling power throughout the entire exhibition area. In case of violations of the exhibition regulations, the organizer is entitled to take appropriate actions and if necessary pronounce and implement immediate exclusion from the event.

If the exhibitor or a representative of the exhibitor do not proceed the requests of the organizer, the organizer is entitled to clear the exhibition space and if necessary store exhibits without any acceptance of liability at the expense and at the risk of the exhibitor.

The paid stand rent will not be returned and no claims for damages can be made.
